

ACCUTECH UNIVERSITY

AccuTech University Trust Certification Classes a Success!

“We have always used the Cannon Schools as our primary education for Operations. I feel that the ATOP certification is better suited to a small to medium department with a true focus on operations. It was a very cost effective way to get a really detailed course with a professional designation.”

—LisaMarie Cheek, Central National Bank

“I completed the ATOP certification and found that the classes have really helped me with the every day issues that arise in my Department. Becky Kelly and Roger Pond are the BEST teachers. They actually made all the Regulations "interesting" by applying them to their past experiences so they were easier to remember. I would recommend the program to anyone in Trust Department Operations.”

—Janet Darnell, Centier Bank

“AccuTech University ATOP classes were very beneficial in learning trust administration and operations. Roger Pond and Becky Kelly captivated the class with interesting stories of their past experiences, and the students were able to ask questions and interact during the lessons. I came back to work feeling better about myself and my knowledge of the job at hand.”

—Elizabeth Busbea, Delta Trust & Bank

“I have completed the 3-year ATOP certification. Each year provided new insightful information for us to take back to our offices. Becky Kelly and Roger Pond are top-notch instructors. They make each topic interesting, understandable and enjoyable. What’s more, they relate to our issues from their own experiences. That makes it real-life.”

—Sara Baird-Williams, Bloomfield State Bank

“I felt this was a way for me to have the schooling necessary for my job, but not have to go through the college experience. I bonded with several other students who were at the same location for classes II and III. We will be corresponding for a long time with the network that was available in our specialized careers.”

—Phyllis Sanauskas, Community Bank & Trust

“I truly enjoyed the ATFA Class at AccuTech University in Muncie. The training facilities are very comfortable and professional, and the town of Muncie is warm and charming. Our instructors, Becky Kelly and Roger Pond provide good, practical information as we learn from each other and share our direct experiences as trust professionals. We all benefit from the closeness of our group of students as we move toward achieving our accreditation.”

—Maureen Burks, Wood & Huston Bank
